Career Objective

Computer Science and Engineering graduate with hands-on experience in Python, web development, and software projects. Skilled in Python, JavaScript, HTML, CSS, MySQL, Git, and GitHub,Seeking an entry-level Software Developer or Full Stack Developer role to apply my technical and problem-solving skills, contribute to real-world projects, and grow in the software industry.

Education

Bachelor of Engineering and Technology 2022 – 2026
Sri venkateswara college of engineering and technology,Srikakulam
CGPA: 7.53

Higher Secondary Education 2020 – 2022
Government junior boys college,Ichapuram
Percentage: 73%

Secondary School Education 2019 – 2020
Z.P.High school,Koligam
Percentage: 100%

Internship Experience

Python Development Intern – Talent Shine (APSCHE) May 2024 – July 2024
Visakhapatnam

Developed Python programs using data types, loops, functions, and Object-Oriented Programming concepts. Implemented file handling operations for data storage and retrieval. Built mini-projects to improve problem-solving and debugging skills. Followed clean coding practices and modular programming.

Projects

Secure and data protection system using hybrid encryption March 2026
Developed a secure data protection system by integrating AES and RSA hybrid encryption with steganography. The project encrypts sensitive data, securely exchanges encryption keys, and embeds the encrypted content within multimedia files. Evaluated system performance using encryption/decryption time, payload capacity, PSNR, and SSIM to achieve secure and efficient data transmission. .

Portfolio Jan2026
Designed and developed a responsive portfolio website using HTML5, CSS3, and JavaScript. Implemented responsive UI components, navigation, project sections, and contact functionality. Deployed the application using GitHub Pages.

Pathmentor AI March 2026
PathMentor AI is used to guide users in choosing the right career path by analyzing their skills and providing personalized learning and job recommendations.

Skills

- **Programing languages:** Python
- **Web Technologies:**HTML,CSS,Javascript
- **Databases:**Mysql
- **Core concepts:**Data Structures Algorithms, Object-Oriented Programming
- **Tools Platforms:**GitHUBGit, GitHub, Visual Studio Code, Vercel

Certifications

- TCS iON Career Edge – Young Professional
- Python Development Internship – Talent Shine

Achivements

- Attended multiple webinars on Web Development and Artificial Intelligence
- Participated in hackathons
